## BGAS-CSWIP Site Coatings Inspector Athens, 01/09/2022

### Suitable for:

Candidates with or without previous experience in site coating inspections wishing to attain BGAS-CSWIP Approval as a Site Coatings Inspector. Suitable for individuals engaged in the inspection and coating of new and existing pipelines. This approval is very useful to welding inspectors as it can extend their working time capability on pipelines projects.

### Course Objectives:

- To understand the principles of pipeline coatings
- To understand the importance of surface preparation
- To appreciate the difficulties associated with pipeline site coating
- To understand the practical methods of testing and inspection
- To interpret the requirements of standards
- To meet the syllabus requirements for the BGAS-CSWIP Site Coatings Inspector examination
